

Index to contents - 1962

January 8 (Vol. 36, No. 1)

'61 paper/board output was 35.5 million tons	5
G.B. wants free pulp in ECM	7
8 European mills buy machines	9
Japan starts up 2 machines	11
Consolidated's 11th coated paper machine	11
Gaspesia plans news machine	11
Briefs: Boise Cascade buys Triple A Containers; Weyerhaeuser plans 8th carton plant; electronic computer at Columbia River; Flintkote's new gypsum plant; Federal Paper Board orders stock prep	13
Products from sulfite waste	13
Pulping process unproven	15
6.5 billion lbs. plastic sold	15
Wenner-Gren plans unaffected	15
Sales drop for BCFP	17
Million-manhour awards	17
NSC's pulp/paper projects	17
KVP Sutherland's new products	17
Demand up for degree holders	21
Tall oil shortage reported	21
Wood use saves B.C. \$8 million	21
Resource Council for Canada?	23
Washington, Oregon forests are worth \$2.1 billion	23
Fire-fighting tool "sees"	23
Annis heads industry relations at Oxford	25
Galloway retires at IP	25
Paine is GNP's president	25
Container Corp. promotions	27
Waste Paper Utilization Council Elects	27
Curtis makes appointments	27
Fries joins St. Regis	29
Nekoosa promotes Lichty, Melsen	29
Industry outlook for '62	37
Oxford (England) symposium	40
How to cut steel wire	43
How to pick instrumentation	44
Pulpwood forecasts for 1962	53
Portable bark-chipper	54
Western Forestry group meets	54
Editorial: Paper and Wall St.	
'62 outlook; double standard in forests	80

January 22 (Vol. 36, No. 2)

St. Regis ordered by FTC to surrender confidential files	5
CPPA airs trade policies	7
BSDA paints a rosy year	9
Philippines' bamboo mill	11
Briefs: Guatemala firm, Beloit/Enso join in Finland; Sande NSSC mill starts up; mobile "lab" for waste paper analysis	15
CZ makes acid from residue	15
Sequences for brighter pulps	19
Pipeline pulp at G. Northern	19
Cancell, Potlatch president	21
Heuer to new post at GNP	21
President: CFI of B.C.	21
Carson becomes Hoerner prexy	64
IP promotes Garrett, others	64
Thurston, Crockett advance	64
KVP ups Southern, Krogel	66
Mead names 3 to new posts	66

Snowflake mill unusual	35
How to get low process steam	46
Superior seeds grow faster	53
How to quick-split logs	54
How to measure bark content of peeled hardwood	55
APA news briefs: "mountain trucks," logger's cabin	55
Editorial: Paper Men Poor	
Businessmen?	78

February 5 (Vol. 36, No. 3)

Canada advised to act quickly on exports	5
Soles new CPPA chairman	7
Paper week agenda: new tariff policies	9
Russian experts will talk	11
TAPPI technical sessions	11
SPCA debates public policy	13
MB&P kraft expansion	17
500 ton pulp/news mill for B.C.	17
Briefs: G-F acquires veneer	

firm; IP improves 2 mills	19
Political union of West seen	19
Canadians are urged to examine their trade policies	19
Paper's earnings criticized	21
South's public relations lauded	21
CPPA technical sessions: orient production to markets	25
Brown Co. names 2 as vp	29
Westvaco promotes Dr. Hunger	29
Coulon launches safety plan	29
Starter for 2300-v. motor	31
Automatic chain saw sharpening	31
High velocity air drying	49
CCC's board coater	53
Pacific TAPPI discusses how to improve production	56
SPCA annual meeting, where U.S. forests are headed	63
Editorial: Small lot owner	92

February 19 (Vol. 36, No. 4)

International Outlook at Paper Week	5
Profile: Bardeen, APPA prexy	11
TAPPI Paper Week highlights	11
Stabilizing the pulp market	15
8% rise in fiber box demand	17
FTC orders Simpson to divest Weyerhaeuser opens bd. mill	17
CIF, Kruger expand	21
APA will discuss ORRRC	21
Kamyr diffusion washing	23
High-speed calender bonds non-woven fabrics	25
Egan makes air knife coater	25
Northwest appoints three	27
Wachter is Marathon mgr.	27
Columbia Cellulose promotions	27
Whitney heads TAPPI r&d	29
Southern Kraft promotion	29
Three move up at Kruger	29

Tariffs & Trade-Pt. I	53
How to keep bark out of water intakes	59
How to store block-wood	59
Bark-coal boiler	60
Surface combustion burners	61
Cutting pump prime loss	62
Federal control in pulpwood	71
Exports not wrecking lumber	72
APA release reviews: automatic shifting for highway trucks; tree planting costs; slasher with Starr deck; 2-way radios; lumber sizing chips	73
Editorial: Expanding trade	96

March 5 (Vol. 36, No. 5)

Paper Week	
APPAs back Kennedy	5
Pulp/news duty free in U.K.	9
Lower Canadian tariff?	11
Europe will need N.A. pulp	15
Pulp statistics	17
Hazardous pulp year	17
50% more paper consumption	19
440 lb. per capita consumed	21
Collingwood backs JFK trade	25
Sulphite, Kraft assn. merger plans	25
APPAs honor Neubrecht	27
TAPPI discusses progress	27
TAPPI water div. formed	29
Automatic sheet finishing	29
Inverform on single-ply	31
Shortage of engineers	31
Gov't pressure on pollution	35
Compact vacuum pumps	39
"Flooded nip" blade coater	39
Easley joins Monadnock	71
Daul joins Rayonier	71
Oberdorfer named to FAO	71
Promotions at Southern Land	71

Tariffs & Trade-Pt. II	53
Longview makes coated board	58
ORRRC backs multiple-use	67
Earle, new APA president	68
Editorial: Recreation snobs	100

March 19 (Vol. 36, No. 6)

Paper tariffs lower abroad	5
Wash. pollution controversy	7
Bill to block FTC seizures	11

Profit picture erratic	13
Business spurs price rises	15
Court battle on Dairypak	15
Briefs: Columbia Box Board changes name; profit outlook; Hercules Powder sells wall-paper, paper mills	19
Production ahead of '61	21
Hearst plans news mill	21
CZ's new specialty machine	23
Westvaco boosts capacity in folding cartons	23
Puget adds tissue machine	23
New machine at Grays Harbor	25
Briefs: Finch, Pruyn to specialize in sulfite papers; Union Bag plans box plant; Crossett expands research laboratory; Inland Empire's 50 tpd sulfite bleach plants; Fraser/Rothsary study newsprint plant plan	25
Mead's European plants	25
Briefs: Wenner-Gren Center; Swedish-Soviet trade	29
Optimism for garbage bags	29
JFK backs ORRRC	29
B.C.'s old logging costly	31
Gilman promotes Kimball, Peat and Moyer	35
Leech, McKibbons join Union Bag Research	35
Olson Glatfelter res. dir.	35
Tariffs & Trade-Pt. III	51
PE-coated paper growth	55
How to move heavy equipment in swamps	56
How to pump heavy solids	57
How to make mills safe	57
Data logging techniques	58
Briefs: nozzle blade lip; disposable pulp tray	11
More news, pulp in B.C.	11
CZ's Elk Falls project	15
Highest Swedish production	15
Briefs: Projects in Argentina	19
Brazil, India	19
Southeast TAPPI meets	19
pH control in ClO ₂ bleach	19
NPTA invites mill men	19
Automation, computers are Jacksonville theme; F&P editor gives talk	21
Pulp/paper seminars on tap	21
B.C. loggers ask raise	23
Briefs: Federal policy, access roads; PCA uses scrub oak; forest products exports in B.C.	23
Streamlined refiner	25
Foxboro digital systems	25
Bacon is Simpson president	29
Sweitzer heads Stanpak fine papers	29
Ed Cliff is new USFS chief	29
Display at Seattle fair	35
Silicon suction box covers	35
Plastic machine packings	35
8 changes at IP Southern	63
Wisconsin car group prexy	63
Waste Council head is Chatham Corp.'s Howarth	64
Western Mich. U. names advisors	64
Proctor is Bemis v.p.	64
McCabe: U.S. ECM partners? How to improve filtration	37
How to repair concrete log conveyor trench	37
How small Gould competes	38
SFT's new bark mulch	40
How to pick a consultant	41
Chemical wire life extenders	43
Plea to aid small woodlands	49
Editorial: New USFS chief	74

April 2 (Vol. 36, No. 7)

Hammermill may close Erie	5
Production: 1st quarter record	7
Union Bag's research center	9
Rayonier's high-purity pulp	9
Briefs: nozzle blade lip; disposable pulp tray	11
More news, pulp in B.C.	11
CZ's Elk Falls project	15
Highest Swedish production	15
Briefs: Projects in Argentina	19
Brazil, India	19
